The Company recognises that there may be issues of sensitivity whereby a Discloser does not feel comfortable to make a report to an internal recipient. In such cases, the Discloser may feel more comfortable making an anonymous disclosure. Reports can be made anonymously or using a pseudonym and still be protected. A Discloser can refuse to answer questions that could reveal their identity. While reports can be made anonymously, it may affect the ability to investigate the matter properly and to communicate with the Discloser about the report. Anonymous Disclosers should therefore attempt to maintain two-way communication as far as possible. Anonymous reports can be made by sending an anonymous email using a temporary or disposable email address available from the internet.

Nothing in this Whistleblower Policy (including anonymous reporting) should be taken in any way as restricting someone from reporting any matter or providing any information to a regulator (such as ASIC, the APRA, Commissioner), the Company's auditor or a member of the audit team, a lawyer (to obtain advice or representation) or any other person in

accordance with any relevant law, regulation or other requirement. Information in relation to whistleblowing is available from such regulators and can generally be downloaded on their website.
