

COVID-19

As the COVID-19 outbreak continues, First Graphene Limited has been closely monitoring the advice from the Government and Health Authorities. We are taking precautionary measures and reviewing our remote working arrangements. This is to reduce the risk to our staff and clients and help limit the spread of COVID-19 in our community.

Australia

Our Henderson facility continues to operate. The Company has implemented recommended precautions and will continue to monitor the situation.

Dealings with customers are continuing, albeit in a telephone or video conference environment.

United Kingdom – GEIC

We have today been advised that GEIC will be closing all our non-essential research laboratories including the GEIC from 5:00pm, Tuesday 17th March.

Our staff have ensured all experiments were shut down safely, chemicals and raw materials were safely stored, and all confidential papers locked away. The GEIC team inspected the laboratory before they left and confirmed the laboratory was in order.

Our staff have taken IT equipment and will continue to work remotely. The applications teams (composites, energy storage, coatings and printed electronics) will continue to support us during the outage and we will continue to have access to the teams for desk studies, literature searches etc.

Sri Lanka

The government of Sri Lanka has declared a three-day bank holiday in an effort to reduce the spread of Covid-19. Today Sri Lanka has suspended all flights arriving into the country for two weeks, effective midnight today.

Our staff in Sri Lanka will work remotely for the foreseeable future.

Further updates will be provided in due course.

About First Graphene Ltd (ASX: FGR)

First Graphene Ltd. is the leading supplier of high-performing, graphene products. The company has a robust manufacturing platform based upon captive supply of high-purity raw materials and an established 100 tonne/year graphene production capacity. Commercial applications are now being progressed in composites, elastomers, fire retardancy, construction and energy storage.

First Graphene Ltd. is publicly listed in Australia (ASX:FGR) and has a primary manufacturing base in Henderson, near Perth, WA. The company is incorporated in the UK as First Graphene (UK) Ltd. and is a Tier 1 partner at the Graphene Engineering and Innovation Centre (GEIC), Manchester, UK.

PureGRAPH® Range of Products

PureGRAPH® graphene powders are available in tonnage volumes with lateral platelet sizes of 20µm, 10µm and 5µm. The products are high performing additives, characterised by their high quality and ease of use.
